

Hettich Moveable Cabinets

ONE AND TWO DRAWER UTILITY CABINETS

- Save valuable bench space
- Store accessories in one location
- Ergonomic height for loading/unloading

Hettich Cabinets

Moveable cabinets for Hettich centrifuges save space on the laboratory bench by providing enhanced flexibility. The cabinets lower the centrifuge to an ergonomic height for easy loading and unloading. Each cabinet provides ample storage for user manuals, rotors, buckets and accessories. Important documentation and accessories remain with the centrifuge at all times. All cabinets are of sturdy design and feature casters with two wheel locks, drawer locks and 2 keys.

Ordering Information

CENTRIFUGE	CABINET NO.	DRAWERS	DIMENSIONS (HxWxD)

Rotofix 46	4613-K	2	21.65" x 21.65" x 25.59"
Universal 320/ 320R			
Rotina 380/ 380R			
Rotina 420			
Rotanta 460			

CENTRIFUGE	CABINET NO.	DRAWERS	DIMENSIONS (HxWxD)
Rotina 420R	4614-K	1	10.23" x 30.31" x 25.59"
Rotanta 460R	4615-K	2	21.65" x 30.31" x 25.59"

WHY HETTICH?

We know centrifugation. **Hettich** is one of the leading clinical & research centrifuge manufacturers in the world.

Hettich offers **over 100 years** of engineering, design and manufacturing experience in the clinical, research and life sciences laboratory. We manufacture a complete line of centrifugation equipment from small tabletop microliter centrifuges, to mid-sized high capacity benchtop centrifuges and large floor standing units for high throughput laboratories such as blood banks and blood centers.

In addition, we are the leader in automated centrifugation featuring the intelligent Rotanta automated centrifuge for simple integration into pre-analytical automation systems.

We believe in connecting with our customers to provide application assistance, product knowledge, customer support and efficient product delivery.
