**Quiet.  
Reliable.  
Safe.**

## Hospitals Physicians Offices Blood Centers

- **Quiet, Reliable & Safe**
- **Complete** centrifuge product range
- **One-to-One<sup>SM</sup>** service (*We answer your questions, by answering your calls*)
- Quick delivery (*in most cases within 48 hours*)
- Two (2) year standard warranty
- Online support, research and knowledge base via **hettweb.com**

### WHY HETTICH? WE KNOW CENTRIFUGES.

Andreas Hettich GmbH & Co.KG (Hettich Centrifuges) continues to be a **leader in centrifugation** technology, innovation and safety. For more than 100 years, our centrifuges have served many applications in the blood bank, clinical laboratory and research laboratory in hospitals, universities and government agencies. In addition, Hettich centrifuges are utilized in a variety of applications in the Pharmaceutical, Food & Beverage and Environmental markets.

Hettich offers a full range of products from small benchtop centrifuges to large floor standing models including robotic units for easy integration into pre-analytical laboratory automation systems.

Family owned and operated, we believe in connecting with our customers to provide application assistance, product knowledge and efficient product delivery.

### QUALITY.

Robust materials, precision manufacturing and compliance with worldwide safety standards allow Hettich to produce quality equipment that can last for decades. In addition, our **"5-Point Quality Inspection"** ensures all products are in top performing condition before leaving our manufacturing facility.

### HISTORY.

The Andreas Hettich success story **began in 1904** with the manufacturing of medical instruments. Through continuous market research and quality design and manufacturing, we continue to be a world leader in **Centrifugation** and **Automation**.

## MANUAL

Max. Capacity: 4 x 15 mL  
 Max. RPM/ RCF 50°: 3,000/ 1,076  
 RPM/ RCF 90°: 3,000/ 1,300

**Field Applications**

## EBA 20

Capacity: (8) 13x75/100 | 16x100mm  
 Max. RPM/ RCF: 6,000/ 3,461  
 Temp. Control (Optional): N/A

**Standard Blood Tubes**

## EBA 20S

Capacity: (8) 13x75/100 | 16x100mm  
 Max. RPM/ RCF: 8,000/ 6,153  
 Temp. Control (Optional): N/A

**Blood Tubes/STAT/Coagulation**

## EBA 21

Max. Capacity: (8) 13/16 x 75mm  
 Max. RPM/ RCF: 5,000/ 2,879  
 Temp. Control (Optional): N/A

**Blood/Serology/General Purpose**

## EBA 270

Max. Capacity: (6) 13/16 x 75/100mm  
 Max. RPM/ RCF: 4,000/ 2,254  
 Temp. Control (Optional): N/A

**Gel Blood Tubes-Economy**

## ROTOFIX 32A

Max. Capacity: up to (32) 16x100mm  
 Max. RPM/ RCF: 4,000/ 2,540  
 Temp. Control (Optional): N/A

**General Purpose/Cytology/Urine**

## UNIVERSAL 320

Max. Capacity: up to (32) 16x100mm  
 Max. RPM/ RCF: 4,500/ 3,215  
 Temp. Control (Optional): Yes

**General Purpose/Cytology/Urine**

## ROTINA 380

Max. Capacity: up to (52) 16x100mm  
 Max. RPM/ RCF: 5,000/ 4,668  
 Temp. Control (Optional): Yes

**General Purpose-High Capacity**

## ROTINA 420

Max. Capacity: up to (72) 16x100mm  
 Max. RPM/ RCF: 4,500/ 4,030  
 Temp. Control (Optional): Yes

**General Purpose-MEGA**

## ROTANTA 460

Max. Capacity: up to (148) 16x100mm  
 Max. RPM/ RCF: 3,800/ 2,970  
 Temp. Control (Optional): Yes

**General Purpose-MAX**

## ROTIXA 50 S/RS

Max. Capacity: (up to) 4 Liters  
 Max. RPM/ RCF: 4,500/ 5,071  
 Temp. Control (Optional): Yes

**Floor Standing-Economy**

## ROTO SILENTA 630RS

Max. Capacity: (up to) 12 Liters  
 Max. RPM/ RCF: 4,500/ 3,848  
 Temp. Control (Optional): Yes

**Floor Standing-MAX**

### ASK ABOUT OUR MOVEABLE CABINETS

1 & 2 Drawer moveable cabinets offer a convenient loading height and storage for rotors, buckets and accessories. Also, easily position your centrifuge anywhere in your lab.
