Water & Wastewater

- **Quiet, Reliable & Safe**
- **Complete** centrifuge product range
- **One-to-OneSM** service (*We answer your questions, by answering your calls*)
- Quick delivery (*in most cases within 48 hours*)
- Two (2) year standard warranty
- Online support, research and knowledge base via **hettweb.com**

WHY HETTICH?

WE KNOW CENTRIFUGES.

Andreas Hettich GmbH & Co.KG (Hettich Centrifuges) continues to be a **leader in centrifugation** technology, innovation and safety. For more than 100 years, our centrifuges have served many applications in the blood bank, clinical laboratory and research laboratory in hospitals, universities and government agencies. In addition, Hettich centrifuges are utilized in a variety of applications in the Pharmaceutical, Food & Beverage and Environmental markets.

Hettich offers a full range of products from small benchtop centrifuges to large floor standing models including robotic units for easy integration into pre-analytical laboratory automation systems.

Family owned and operated, we believe in connecting with our customers to provide application assistance, product knowledge and efficient product delivery.

QUALITY.

Robust materials, precision manufacturing and compliance with worldwide safety standards allow Hettich to produce quality equipment that can last for decades. In addition, our **"5-Point Quality Inspection"** ensures all products are in top performing condition before leaving our manufacturing facility.

HISTORY.

The Andreas Hettich success story **began in 1904** with the manufacturing of medical instruments. Through continuous market research and quality design and manufacturing, we continue to be a world leader in **Centrifugation** and **Automation**.

Hettich ▶ Industrial Centrifuges

MIKRO 120

Max. Capacity: 24 x 1.5/2.0 mL
 Max. RPM/ RCF: 14,000/ 18,626
 Temp. Control (Optional): N/A

Microliter-Compact

MIKRO 200

Max. Capacity: 30 x 1.5/2.0 mL
 Max. RPM/ RCF: 15,000/ 21,382
 Temp. Control (Optional): Yes

Microliter-Standard

ROTOFIX 46

Max. Capacity: 1 liter | 4 x 290 mL
 Max. RPM/ RCF: 4,000/ 3,095
 Temp. Control (Optional): Heated

Industrial & Environmental

UNIVERSAL 320

Max. Capacity: 4 x 100mL | 32 x 15mL
 Max. RPM/ RCF: 15,000/ 21,382
 Temp. Control (Optional): Yes

General Purpose-Standard

ROTINA 380

Max. Capacity: 1 liter | 4 x 290 mL
 Max. RPM/ RCF: 15,000/ 24,400
 Temp. Control (Optional): Yes

General Purpose-High Capacity

ROTINA 420

Max. Capacity: 2 liter | 4 x 600 mL
 Max. RPM/ RCF: 15,000/ 24,400
 Temp. Control (Optional): Yes

General Purpose-MEGA

ROTANTA 460

Max. Capacity: 3 liter | 4 x 750 mL
 Max. RPM/ RCF: 15,000/ 24,400
 Temp. Control (Optional): Yes

General Purpose-MAX

ROTO SILENTA 630RS

Max. Capacity: 12 liter | 6 x 2,000 mL
 Max. RPM/ RCF: 4,500/ 6,520
 Temp. Control (Optional): Yes

Floor Standing-MAX

ASK ABOUT OUR MOVEABLE CABINETS

1 & 2 Drawer moveable cabinets offer a convenient loading height and storage for rotors, buckets and accessories. Also, easily position your centrifuge anywhere in your lab.
