

CLINICAL CENTRIFUGES

SMALL / BENCHTOP / FLOOR STANDING

Standardize your laboratory with our complete range of clinical centrifuges. Our wide variety of centrifuges and accessories accommodate all general clinical laboratory applications from small to large volume, low to high throughput and everything in-between.

Built in Germany for lasting performance. All Hettich centrifuges are made from high quality, durable materials for a long in-field service life. Each unit is backed by a limited 5-year warranty and offer robust temperature control systems, all metal containment, maintenance free motors and easy to use control panels.

Reliable, quiet and safe. Whether you are spinning gel tubes in the physicians office lab, running STAT chemistry for a quick turnaround or processing bags in the blood center, you can rely on our centrifuges to deliver results in a safe and distraction free environment.

Pre and post sales support for the life of your product. Not only are Hettich products built for the long-term, our dedicated support team is with you as well. We are here to keep you up and running from the centrifuges first day on the bench throughout its long life span. We even maintain parts for our centrifuges for up to 10-years after product obsolescence.

See reverse for a sampling of what we have to offer.
