

HAEMATOKRIT 200

HEMATOCRIT CAPILLARIES

Quick results within 7 minutes. With a high RCF of 16,060 the 24-place rotor provides fast results. To maximize its functionality and footprint, the HAEMATOKRIT 200 is additionally supported by a 20-place, buffy coat analysis rotor.

Unique rotor with evaluation lid for quick determination of results. The hematology rotor features a lid that doubles as an evaluation disc for quick and easy analysis.

Individual capillary tray contains accidental leakage. The unique rotor comes standard with removable capillary trays for each tube. This makes the rotor easy to clean should an accidental break or leak occur.

MODEL	HAEMATOKRIT 200
Max. Capacity	20 / 24 Capillaries
Max. RPM	13,000
Max. RPM	16,060
Temperature Control	Ambient
Dims (H x W x D)	8.8 x 88.8 x 88.88 in.
Weight	22 lbs.
Warranty†	5 yr.

*Please inquire about the fit of your specific tube dimensions. † Warranty valid in U.S. and Canada only, see warranty statement for complete details.
